Yes! we are interested in participating in a formal work day with FRTTI Volunteers and members of our organization.

Thank you for supporting Firelands Rails to Trails. Please understand that this sponsorship donation will be used by the FRTTI Board to maintain the North Coast Inland Trail in Huron County. Please also understand that the funds donated for sponsorship will be spent in the best way possible, as decided by the FRTTI Board of Trustees for general maintenance, a specific project, or to build up the endowment fund. While we welcome suggestions or fresh ideas, the FRTTI Board will make the ultimate decisions, as we have done for two decades, and this generous sponsorship donation does not give the donor/sponsor rights to the spending decisions nor does it grant them the rights to place additional amenities such as benches or additional signage on the trail. We hope you can understand our desires.

The continued goal of FRTTI is to operate and maintain the NCIT to the highest standards and that includes minimal signage and amenities - the objective is a safe and scenic and easy to maintain trail which will serve generations to come. Thank you! - *The all-volunteer Firelands Rails to Trails Board of Trustees.*
